PROFILE

Junior-level developer transitioning after 8+ years as a project manager. Passionate & naturally curious about learning new skills & technologies, I have experience solving complex problems & delivering actionable results. I'm uniquely interested in using back-end languages to solve problems for users and businesses alike. Currently honing my skills with various personal projects in my free time.

TECHNICAL SKILLS

HTML | CSS | JavaScript | jQuery | PHP | MySQL | Laravel | JSON | AJAX | Bash | Bootstrap | Git | Trello

SOFTWARE DEVELOPMENT PROJECTS

GALAPAGO - Laravel, PHP, MySQL, JavaScript, jQuery, HTML, Bootstrap, PDF API
Sep 2016

PROFESSIONAL EXPERIENCE

SENIOR PROJECT MANAGER

Gecko Resources 11/2007 - 04/2016

Tasked with a leadership role, I guided a team in all elements of the product development process including product spec, packaging & phase in/out plans.

- Pioneered the development & release of seven products, accounting for nearly \$13 million in total revenue
- Brought company's first sporting goods product to market in less than five months and under budget by 14%
- Drove annual sales to over \$1 million in year three by identifying & negotiating with key sales channels, nontraditional & new industries
